"When Dean (Rafiee) and Mike (Moore) came in to introduce me to Elco. I was not sure if it was something I would want to bring in. I still remember it was late in the afternoon and I had had a very long day. To be honest you guys looked like you had had a long day as well. Still remember we stayed after closing going over the Kulthorn compressors and how you would work with me. Once they showed me what you were doing and what they would do for my company I thought what the heck. Order a few in, worse case sell some to the apartments if they do not like them switch back to my other supplier of compressors. Not only have I had little to no complaints, any issues we have had where taken care the moment I let Dean (Rafiee) know my issue. If all my suppliers would work as hard and stand behind their product like Dean has, then I would never have an issue trying new items. They have worked so well for our company in all aspects it has been a pleasure carrying Kulthorn compressors. It is easy for my counter salesmen to sale and the customers have started to ask for them when they have a compressor job. Mike (Moore) thanks for bringing Dean (Rafiee) in that day. Dean (Rafiee) thanks for being a man of your word."

15. On information and belief, Idin owns and controls the actions of Elco.

16. Upon information and belief, Pasha International Corp. (“PashaCo”) was a corporation organized under the laws of the State of California with its principal place of business at 2554 Commercial Street, San Diego, California.

17. According to the online records of the California Secretary of State, Idin was the agent for service of process on PashaCo.

18. According to a federal criminal indictment filed January 8, 2014 against Idin, PashaCo and others (“2014 Indictment”), Idin founded PashaCo in 2011.

19. According to the 2014 Indictment, Idin operated PashaCo to carry out a conspiracy to evade trade sanctions against Iran by unlawfully procuring more than \$8 million in goods – primarily cooling equipment – for customers in Iran. Attached hereto as Exhibit 1 is a true and accurate copy of the 2014 Indictment.

20. According to the 2014 Indictment, Idin’s relationship with KKC dates back many years and, between late 2011 and 2013, landed Idin and others approximately \$8 million dollars in deals for the purchase of hermetic compressors shipped to Iran.

21. According to the Judgement in a Criminal Case dated May 20, 2016 (“Criminal Judgment”) and Order of Criminal Forfeiture dated May 13, 2016 (“Forfeiture Order”) entered after the Indictment, PashaCo pleaded guilty to

conspiracy to export to an embargoed country, forfeited \$874,940.61 to the United States representing the proceeds of the offense of conviction, and was ordered to three (3) years of probation. A mandatory condition of PashaCo's probation is that it "shall not commit another federal, state or local crime." Attached hereto as Exhibit 2 is a true and accurate copy of the Criminal Judgment and the Forfeiture Order.

22. On information and belief, Elco is effectively a continuation of PashaCo.

JURISDICTION AND VENUE

23. This Court has subject matter jurisdiction over this action pursuant to 28 U.S.C. §§1331 and 1338, and 15 U.S.C. § 1121, and has supplemental jurisdiction pursuant to 28 U.S.C. § 1367.

24. Tecumseh's claims are based on the Lanham Act, 15 U.S.C. § 1051 *et seq.*, and substantial and related claims under the statutory and common law of the state of Michigan.

25. Venue is proper in this District pursuant to 28 U.S.C. § 1391(b) because a substantial part of the events or omissions giving rise to the claims occurred in this District and a substantial part of property that is the subject of the action is situated in this District.

26. Personal jurisdiction is proper in this Court because KKC and Elco regularly conduct business, directly and indirectly, within the state of Michigan.

27. KKC's and Elco's unlawful acts that are the subject of this Complaint include acts that were purposefully directed towards the State of Michigan and within this District, and KKC's products are offered in this District.

28. Personal jurisdiction is also proper in this Court because KKC and Elco advertise and sell KKC products in the state of Michigan and in this District, which advertising and products are the subject of this litigation.

KKC'S and Elco's Acts of Infringement and Unfair Competition

47. On information and belief, KKC was established on March 24, 1980, to operate as a manufacturer and seller of reciprocating compressors for refrigeration products, including refrigerators, freezers, commercial refrigerators and air conditioning products. KKC claims it is the first motor compressor manufacturer in Thailand and was listed in the Stock Exchange of Thailand on February 22, 1991 in the name of Kulthorn Kirby Public Company Limited or “KKC”.

48. KKC is well familiar with Tecumseh and Tecumseh’s products. Indeed, KKC was a party to several manufacturing, sales and lease agreements with Tecumseh during the 1980s.

49. The agreements between Tecumseh and KKC expired long ago.

50. Notwithstanding the expiration of the agreements between Tecumseh and KKC, outside the United States, over time KKC has been known to use

Tecumseh’s TECUMSEH mark and design mark (“Indian Design”) without authorization from Tecumseh and in defiance of Tecumseh’s demands to cease such

usage. For example, following is an image featured on KKC's website (available at <http://kulthorn.co.th/home.php>) showing KKC's prominent use of Tecumseh's TECUMEH mark and Indian Design on a building believed to be located in Thailand.

51. Now, KKC and Elco are using the marks AE and AW in association with compressors sold to, and advertising directed at, consumers throughout the world, including in the United States (collectively, the “Infringing Marks”).

52. Upon information and belief, KKC started using the Infringing Marks in the United States in the first half of 2016, long after Tecumseh commenced use of the AE Trademark, AE2 Trademark and AW Trademark in the United States.

53. Tecumseh and KKC compete in the marketplace for the same consumers of compressors in the United States.

54. Upon information and belief, KKC advertises and sells compressors under the Infringing Marks throughout the state of Michigan and the United States.

55. Following are true and accurate screen captures (with the exception of inserted blue arrows) of KKC Internet webpages showing use of the Infringing Marks with KKC compressors that are accessible to consumers in the United States.

59. As shown in the following screen capture of an Ebay listing, KKC's use of the Infringing Marks leads third parties to, likewise, reproduce the Infringing Marks with KKC compressors—and even intermingle such marks with Tecumseh's TECUMSEH trademark.

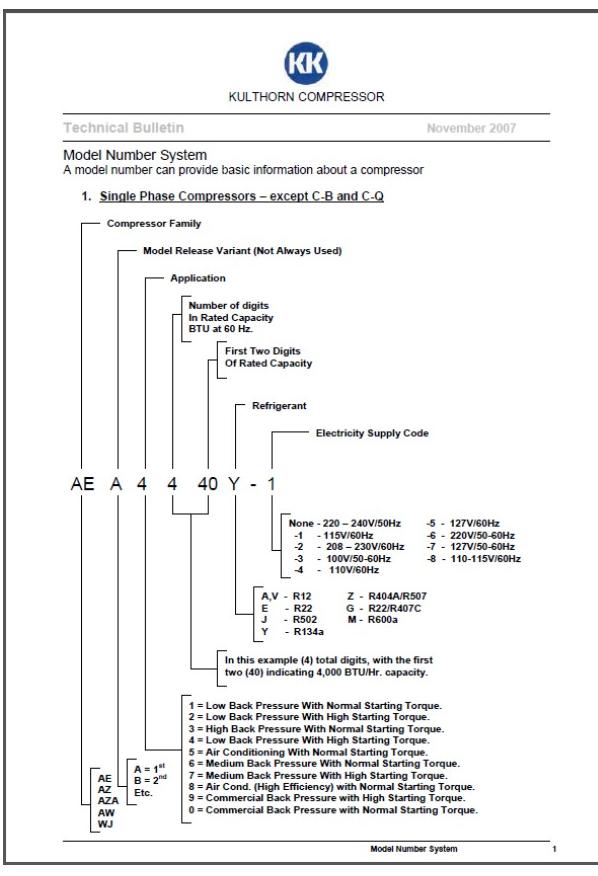

60. Indeed, as shown in the following product literature, KKC and Elco are so dedicated to promoting consumer confusion that they slavishly mimicked

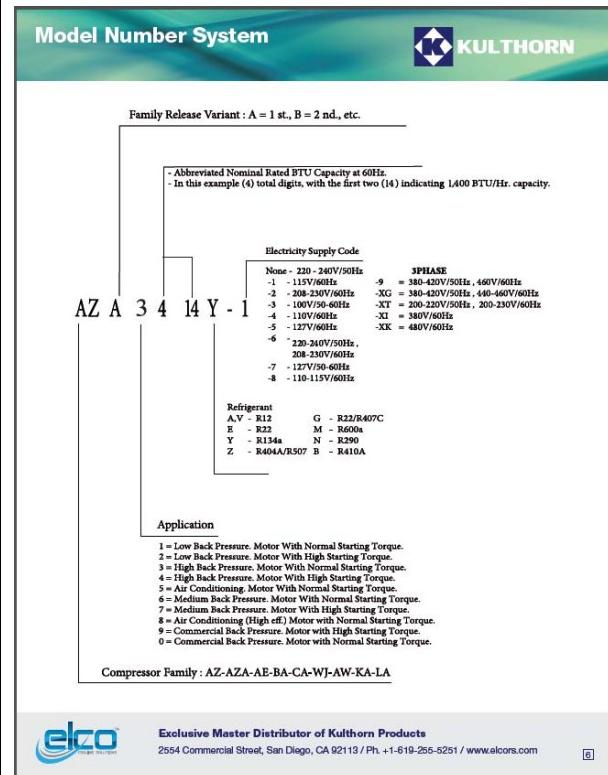

Tecumseh's compressor model nomenclature in creating KKC's compressor model nomenclature—all in an unabashed effort to free ride off the goodwill and consumer recognition of Tecumseh's AE Trademark, AE2 Trademark and AW Trademark.

KKC Compressor Model Nomenclature

Elco Compressor Product Nomenclature

61. Upon information and belief, KKC and Elco have targeted Tecumseh authorized wholesalers and current OEM customers promoting what KKC and Elco call the Tecumseh AE or AW compressor.

62. Consumers have actually been confused by KKC's and Elco's use of the Infringing Marks. For example, consumers have communicated with Tecumseh seeking to order compressors advertised and sold by KKC and Elco unlawfully using the Infringing Marks.

63. On March 10, 2016, Tecumseh sent a letter to KKC demanding that KKC cease use of AE 444OY-1 in connection with compressors. A copy of the March 10 letter Tecumseh sent to KKC is attached as Exhibit 6.

64. On March 17, 2016, KKC responded stating it was “looking into” the matter and would reach out “as soon as” KKC gathered more information. A copy of the March 17 letter Tecumseh received from KKC is attached as Exhibit 7.

65. Notwithstanding these assurances, KKC failed to timely respond, prompting Tecumseh to send a letter to KKC on May 11, 2016, repeating Tecumseh’s demands and requesting a response within 14 days. A copy of the May 11 letter Tecumseh sent to KKC is attached as Exhibit 8.

66. Ultimately, KKC (through legal counsel) represented that it would provide a substantive response to Tecumseh’s demand by June 10, 2016.

67. Notwithstanding this representation, KKC again failed to provide a substantive response as promised.

68. Upon information and belief, KKC and Elco continue to use the Infringing Marks in the United States in connection with compressors.

69. The natural, probable, foreseeable and actual result of KKC’s and Elco’s wrongful conduct is to cause consumer confusion, deception and mistake in the marketplace, to harm Tecumseh’s business reputation and goodwill, and injure Tecumseh’s relationships with existing and prospective consumers.

70. Upon information and belief, KKC's and Elco's wrongful conduct has resulted in increased sales of KKC's compressors while hindering the sales of Tecumseh's compressors.

71. Tecumseh has sustained, and will continue to sustain, damages as a result of KKC's and Elco's wrongful conduct.

72. Upon information and belief, KKC and Elco are aware of Tecumseh's AE Trademark, AW Trademark, and AE2 Trademark, the goodwill associated with those trademarks, and that KKC and Elco cannot use the Infringing Trademarks as a source indicator for KKC's compressors.

73. As a party to prior agreements with Tecumseh, KKC has had exposure to Tecumseh's compressors, Tecumseh's intellectual property, and the goodwill Tecumseh has created in the AE Trademark, AE2 Trademark and AW Trademark through Tecumseh's use of those marks in association with compressors.

74. Indeed, by expressly referencing "The *Famous* AE 4440Y-1" (emphasis added) compressor, KKC's and Elco's advertising testifies to the enormous goodwill Tecumseh has established through Tecumseh's use of its AE Trademark in association with compressors.

75. Upon information and belief, KKC and Elco have engaged in these unlawful activities knowingly and intentionally, and with reckless disregard for Tecumseh's rights in the AE Trademark, AE2 Trademark and AW Trademark.

76. Indeed, based on the 2014 Indictment and information and belief, Elco (as the successor to PashaCo) and Idin are no strangers to activity involving KKC, and KKC compressors, reaching a criminal level of disregard for the laws of the United States.

COUNT I - FEDERAL TRADEMARK INFRINGEMENT (15 U.S.C. § 1114)

77. Tecumseh incorporates and realleges, as if fully set forth in this paragraph, the allegations of the foregoing paragraphs.

78. KKC and Elco have used in commerce a colorable imitation of Tecumseh's AE Trademark, AE2 Trademark and AW Trademark in connection with the sale, offering for sale, distribution, and/or advertising of goods likely to cause confusion, or to cause a mistake, or to deceive in violation of Section 32(1)(a) of the Lanham Act, 15 U.S.C. § 1114(1)(a).

79. Tecumseh's federal registrations on the Principal Register of the U.S. Patent and Trademark Office for the AE Trademark, AE2 Trademark and AW Trademark constitute *prima facie* and/or conclusive evidence of the validity of the marks, Tecumseh's ownership of the marks, and Tecumseh's exclusive right to use the marks in commerce in connection with the listed goods, pursuant to the Lanham Act, 15 U.S.C. § 1115.

80. KKC's and Elco's use of colorable imitations of Tecumseh's AE Trademark, AE2 Trademark and AW Trademark has been and continues to be done

with the intent to cause confusion, mistake and to deceive consumers concerning the source and/or sponsorship of KKC's goods.

81. As a direct and proximate result of KKC's and Elco's actions, Tecumseh has suffered and will continue to suffer irreparable harm to Tecumseh's valuable AE Trademark, AE2 Trademark and AW Trademark and to Tecumseh's business, goodwill, reputation and profits.

82. Tecumseh will continue to be irreparably harmed unless KKC and Elco are restrained from further infringement of Tecumseh's AE Trademark, AE2 Trademark and AW Trademark. An award of monetary damages alone cannot fully compensate Tecumseh for its injuries and Tecumseh lacks an adequate remedy at law.

83. KKC's and Elco's foregoing acts of infringement have been and continue to be deliberate, willful and wanton, making this an exceptional case within the meaning of 15 U.S.C. § 1117.

84. Tecumseh is entitled to a permanent injunction against KKC and Elco, as well as all other remedies available under the Lanham Act, including, but not limited to, compensatory damages, treble damages, disgorgement of profits and costs and attorney's fees.

**COUNT II - FEDERAL UNFAIR COMPETITION AND FALSE
DESIGNATION OF ORIGIN OR SPONSORSHIP (15 U.S.C. § 1125(a))**

85. Tecumseh incorporates and realleges, as if fully set forth in this paragraph, the allegations of the foregoing paragraphs.

86. Tecumseh's AE Trademark, AE2 Trademark and AW Trademark are well-established marks that serve to identify the goods sponsored, approved by, authorized by, associated with, or affiliated exclusively for the use of Tecumseh for its compressors.

87. KKC and Elco have knowingly used and continue to use colorable imitations of Tecumseh's AE Trademark, AE2 Trademark and AW Trademark in connection with compressors that KKC and Elco advertise, promote and sell. KKC's and Elco's actions render this case exceptional within the meaning of 15 U.S.C. §1117(a).

88. Upon information and belief, prior to the KKC's and Elco's use of the Infringing Marks, KKC and Elco had actual and constructive knowledge of Tecumseh's use and ownership of the AE Trademark, AE2 Trademark and AW Trademark in connection with Tecumseh's compressors.

89. Upon information and belief, KKC and Elco have used and continue to use the Infringing Marks in association with compressors in a manner that is likely to confuse, mislead, or deceive customers, purchasers, and members of the general

public as to the origin, source, sponsorship, or affiliation of KKC, Elco and KKC's goods, and is likely to cause consumers erroneously to believe that KKC's goods have been authorized, sponsored, approved, endorsed, or licensed by Tecumseh or that KKC and Elco are affiliated with Tecumseh.

90. KKC's and Elco's use of the Infringing Marks in association with compressors constitutes false designation of origin and/or sponsorship and unfair competition in violation of §43(a) of the Lanham Act, 15 U.S.C. § 1125(a).

91. As a direct and proximate result of KKC's and Elco's actions, Tecumseh has suffered and will continue to suffer irreparable harm to Tecumseh's valuable AE Trademark, AE2 Trademark and AW Trademark and Tecumseh's business, goodwill, reputation and profits.

92. Tecumseh will continue to be irreparably harmed unless KKC and Elco are restrained from further infringement of Tecumseh's valuable AE Trademark, AE2 Trademark and AW Trademark.

93. An award of monetary damages alone cannot fully compensate Tecumseh for its injuries, and Tecumseh lacks an adequate remedy at law.

94. The foregoing acts of infringement have been and continue to be deliberate, willful and wanton, making this an exceptional case within the meaning of 15 U.S.C. § 1117.

95. Tecumseh is entitled to a permanent injunction against KKC and Elco, as well as all other remedies available under the Lanham Act, including, but not limited to, compensatory damages, treble damages, disgorgement of profits and costs and attorney's fees.
